Graduate Student Researcher Davis, CA
- **Kern-Ralph Co-lab** *September 2022 - June 2024*
Undergraduate Researcher Eugene, OR
 - I worked with Victoria Caudill, a graduate student in the Kern-Ralph co-lab to visualize and interpret data from coevolution simulations. We also developed a mathematical model to describe the patterns we observed in our simulations. I presented my results during lab meetings once per quarter.
- **University of Oregon Math Department Honors Thesis** *September 2023 - May 2024*
Departmental Honors Recipient Eugene, OR
 - I completed a departmental honors thesis in mathematics. My advisor was Chris Sinclair. I studied random matrix theory, specifically Gaussian Ensembles.

TEACHING EXPERIENCE

- **UC Davis** *September 2024 - present*
Teaching Assistant Davis, CA
 - Calculus for Biological Sciences II (W25), III (F24)
 - Mathematical Finance (S25)
- **University of Oregon Tutoring and Academic Engagement Center** *September 2022 - June 2024*
Math Tutor, Senior Math Tutor Eugene, OR
 - I tutored students in a one-on-one drop-in environment, in appointments, and in small groups.
 - I designed review sessions for students to attend periodically throughout the term. I wrote lecture notes, worksheets, and solutions.
 - I designed skill check-ins for tutors and create short review presentations based on the topics they are struggling with.
 - I developed materials that tutors can reference if they are not comfortable or familiar with the material in a particular class.
